GREAT LAKES MINERALS

SAFETY DATA SHEET
Version 2.0
Revision Date: 08/04/2016

1. PRODUCT AND COMPANY IDENTIFICATION

1.1 Product identifiers

Product Name: Brown Fused Alumina (BFA)
Product Number: BFA (multiple mesh and grit sizes)
Trade Name: BFA-96 (Refractory), Virgin BFA – Abrasive, Fused Aluminum Oxide, Fused Alumina
General Use: Abrasives, Ceramics, Surface Treatment and Refractory
Chemical Family: Brown Fused Aluminum Oxide, Al₂O₃
CAS-No: 1344-28-1
EC-No: 215-691-6

1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses: Raw material for various refractory applications

1.3 Details of the supplier of the safety data sheet

Company: Great Lakes Minerals
1200 Port Road
Wurtland, Kentucky 41144-1635
USA
Telephone: +1 (606) 833-8383
Email: CustomerService@glmin.com

1.4 Emergency telephone number

Emergency Phone #: (606) 833-8383 x233

2. HAZARDS IDENTIFICATION

2.1 Classification of the substance or mixture

Component Classified – None

GHS Classification in accordance with 29 CFR 1910 (OSHA HCS)
Not Classified

2.2 GHS Label elements, including precautionary statements

Pictogram Not applicable
Signal word No signal word
Hazard statement(s) No known significant effects or critical hazards
Precautionary statement(s) Not applicable

2.3 Hazards not otherwise classified (HNOC) or not covered by GHS – none

3. COMPOSITION/INFORMATION ON INGREDIENTS

3.1 Substances

Synonyms: Brown Fused Alumina (BFA)
Formula: Mixture
Density (g/ml): 3.9 g/cc at 20°C

3.2 Ingredients

3.3 Hazardous Components
None of the compounds in this mixture are shown to be hazardous under normal conditions of use.

3.4 Additional Information
Per the XRD Rietveld Method used to determine mixture components and content, there are no additional ingredients present within these products, including fibrous Al₂O₃ which, within current knowledge of the supplier are at concentrations significant enough to trigger classification as hazardous and hence, require reporting within this section.

4. FIRST AID MEASURES
4.1 Description of first aid measures
- **Inhalation:** If adverse effects occur, remove to uncontaminated area. If not breathing, give artificial respiration or oxygen by qualified personnel. Seek immediate medical attention.
- **Skin Contact:** Wash skin with soap and water. If necessary, seek medical attention.
- **Eye Contact:** Flush eyes with water. If necessary, seek medical attention.
- **Ingestion:** If a large amount is swallowed, get medical attention.

4.2 Most Important Symptoms/Effects, Acute and Delayed: No data available; generated dust may result in irritation.

4.3 Indication of any immediate medical attention and special treatment needed
No specific treatment. Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

5. FIREFIGHTING MEASURES
5.1 Extinguishing media
This product is not flammable. Use fire extinguishing media appropriate for surrounding materials.

5.2 Special hazards arising from the substance or mixture
Hazardous combustion products: None under normal conditions.

5.3 Advice for firefighters
Special fire-fighting procedures: No specific fire-fighting procedures given.

6. ACCIDENTAL RELEASE MEASURES
6.1 Personal precautions, protective equipment and emergency procedures
Follow precautions for safe handling described in this safety data sheet.

6.2 Environmental precautions
The product should not be dumped in nature but collected and delivered according to agreement with the local authorities.

6.3 Methods and material for containment and cleaning up
Avoid excessive dust formation. Transfer to a container for disposal.

6.4 Reference to other sections
For personal protection see section 8. For waste disposal see section 13.

7. HANDLING AND STORAGE
7.1 Precautions for safe handling
Put on appropriate personal protective equipment (see Section 8). Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas.

7.2 Conditions for safe storage, including any incompatibilities
Store in accordance with local regulations.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION
8.1 Exposure Limits:
- **ACGIH (TLV):** 1 mg/m³ (TWA, respirable fraction, related to Aluminum insoluble compounds)
OSHA (PEL): 15 mg/m³ (TWA, total particulates, not otherwise regulated)
5 mg/m³ (TWA, respirable particulates, not otherwise regulated).

Engineering Controls: Provide adequate ventilation to control dusts. Observe occupational exposure limits and minimize the inhalation of dusts.

Respiratory Protection: No specific recommendation made, but respiratory protection must be used if the general dust level exceeds recommended occupational exposure limits. Wear appropriate dust masks in high dust conditions and affected work areas.

Eye/Face Protection: Wear dust resistant safety goggles where there is danger of eye contact. Provide eyewash station.

Skin and Body Protection: No specific hand protection noted, but gloves may still be advisable. Wash hands at the end of each work shift and before eating, smoking and using the toilet.

9. PHYSICAL AND CHEMICAL PROPERTIES
9.1 Information on basic physical and chemical properties

<table>

<td>Granulometry</td>
<td>Varies (Generally &gt;1µm)</td>
</tr>
</tbody>
</table>

10. STABILITY AND REACTIVITY
10.1 Reactivity
Stable under normal temperature conditions.

10.2 Chemical stability
The product is stable.

10.3 Possibility of hazardous reactions
Under normal conditions of storage and use, hazardous reactions will not occur.

10.4 Conditions to avoid
None known.

10.5 Incompatible materials
No specific, or groups of materials, are likely to react to produce a hazardous situation.

10.6 Hazardous decomposition products
Under normal conditions of storage and use, hazardous decomposition products should not be produced.

11. TOXICOLOGICAL INFORMATION
11.1 Information on toxicological effects
Other health effects: This substance has no evidence of carcinogenic properties

Acute toxicity
- Acute toxicity (Oral LD50): Not relevant
- Acute toxicity (Dermal LD50): Not relevant
- Acute toxicity (Inhalation LC50): Not relevant

Inhalation: Dust in high concentrations may irritate the respiratory system

Ingestion: May cause discomfort if swallowed

Skin contact: Powder may irritate skin

Eye contact: Particles in the eyes may cause irritation and smarting

12. ECOLOGICAL INFORMATION
Ecotoxicity: Not regarded as dangerous for the environment

12.1 Acute fish toxicity: Not considered toxic to fish
12.2 Persistence and degradability: The product is not readily biodegradable

12.3 Bioaccumulative potential: The product is not bioaccumulating

12.4 Mobility in soil: Not relevant, due to the form of the product

12.5 Results of PBT and vPvB assessment: This product does not contain any PBT or vPvB substances

12.6 Other adverse effects: None known

13. DISPOSAL CONSIDERATIONS

13.1 Waste treatment methods

Product
Dispose of waste and residues in accordance with local authority requirements

Contaminated packaging
Dispose of as unused product

14. TRANSPORT INFORMATION

Road transport notes: Not classified
Rail transport notes: Not classified
Sea transport notes: Not classified
Air transport notes: Not classified

14.1 UN Number: The product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, ADR/RID)

14.2 UN proper shipping name: Not classified for transportation

14.3 Transport and hazard class(es): Not classified for transportation

14.4 Packing group: Not classified for transportation

14.5 Environmental hazards: Not an environmentally hazardous substance / marine pollutant

14.6 Special precautions for user: Not classified for transportation

14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable

15. REGULATORY INFORMATION

SARA 302 Components
No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302

SARA 313 Components
No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 313

SARA 311/312 Hazards
Regulated per OSHA HAZCOM Standards

State and Local Right to Know
No investigation of State and Local requirements was performed. For details on regulatory requirements, contact the appropriate agencies within your region.

California Prop. 65 Components
This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm at levels above the “safe harbor” designation. Trace component concentrations are so low that they create no significant exposure risk of cancer, birth defects or other reproductive harm.

16. OTHER INFORMATION

Full text of H-Statements referred to under sections 2 and 3.
Not applicable
HMIS Rating
Health hazard: 1
Chronic Health Hazard: *
Flammability: 0
Physical Hazard 0

NFPA Rating
Health hazard: 1
Fire Hazard: 0
Reactivity Hazard: 0

Further information
License granted to make unlimited paper copies for internal use only. The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of this product due to naturally occurring variation in the ore from time to time. Great Lakes Minerals and its Affiliates shall not be held liable for any damage resulting from handling or from contact with the above product.
